OUR SERVICES

Each community is distinctive, with unique strengths and challenges. With

Park & Open Space Planning

MDG, your needs govern our process.

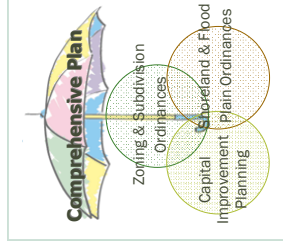

Our expertise becomes the means to achieve your goals and to turn your challenges into

opportunities. It is not enough for us to provide advice or give professional direction. We want to actively further our clients' goals to build on their community's unique and exceptional character, its resources and its history. We bring a broad-based understanding of community development practices, techniques and method that are proven successful and can be tailored to meet our clients individual goals.

It is in this spirit that we strive to provide the greatest value of our best efforts to our esteemed clients.

Planning

MDG, Inc. welcomes the opportunity to assist local governments with the development and updating of authentic, customized planning tools including comprehensive plans, park plans and land use and

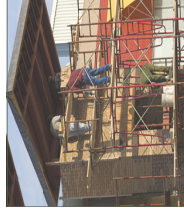

Planning Services

subdivision ordinances. MDG is committed to effective land use planning which enhances the quality of life, protects property values and ensures the health, safety and general welfare of citizens. We believe in involving citizens, public officials and staff in the planning process.

Economic Development

MDG is pleased to assist cities in creating successful partnerships at local, regional and state levels that help to achieve

Economic Development Services

community and regional development goals. MDG employs a variety of strategies to help encourage commercial and industrial growth, stabilize local

business and diversify the local tax base. We specialize in creating, promoting and implementing economic revitalization and community growth goals.

GIS Mapping

MDG employs the latest in GIS mapping technology to help clients visualize goals and strategies.

Ordinance Administration

Since all MDG professionals have prior experience in the public sector, we bring a wealth of experience to implementing

local land use and subdivision ordinances.

Whether you need help on an on-going

Ordinance Preparation and Administration

consultation basis or a project-specific

review we are here to provide results. Our goal is truly to exceed your expectations!
